

AAA School Safety Patrol Program

The AAA School Safety Patrol was first established in the United States in 1920. For more than 100 years, dedicated students have volunteered their time to protect the lives of their fellow classmates. This program has also been credited with playing a decisive role in the decline of traffic-related deaths among young people.

Young pedestrians and bicyclists compete with traffic as they travel to and from school each day. Primary-aged children are at a particular risk. Their size, inexperience and distractibility make their presence in traffic especially hazardous.

The Ohio Auto Club, in recognition of the hard work performed by AAA School Safety Patrol team members, is offering up to ten \$100 grants in support of patrol programs at schools within the Club's 38 county service area.

To apply for one of the grants, complete this application and return it no later than:

Friday, November 4, 2022

Be sure to provide requested information. Additional pages can be attached to this form.

For questions or additional information, please contact Gerry Bartlebaugh:
